

OSEHRA Certification Work Group

April 14th, 2015

Agenda

1. Recap:

1. Soft launch: Re-vamped OSEHRA Technical Journal
2. New submissions to OTJ
3. Current Certification Activities

2. Gerrit Code review updates

3. XU Digital Signature Code

1. Final Review

4. Increase Enrollment - MyHealthVet

1. Peer review, if time allows

Recap

OTJ Updates

- **Still live!**
 - <http://code.osehra.org/journal/journal>
- **Still looking for comments**
 - Workflow
 - Bugs
 - Improvements

OSEHRA Technical Journal Submissions

- 2 submissions since last CWG meeting
 - Increase Enrollment in MyHealtheVet
 - <http://hdl.handle.net/10909/11065>
 - More on this later...
 - VA Code-in-Flight Enterprise Health Management Platform (eHMP)
 - Problem found with submission, submitters are aware and are generating files for a new revision
 - <http://hdl.handle.net/10909/11066>

Priority Queue Additions?

<http://osehra.org/content/osehra-certification-queue-and-status>

- **OSEHRA welcomes any and all suggestions**
- **What would you like to see evaluated in the near future?**
 - Please email joe.snyder@kitware.com

Gerrit Upgrades

Gerrit Code Review Updates

<http://review.code.osehra.org>

- **Necessitated by pending shutdown of Google OpenID sign-in**
 - <https://developers.google.com/accounts/docs/OpenID>
- **Now uses `OpenID Connect` and adds Github sign-in**
 - **Warning:** No automatic connection between a previous account and new Github registration (manual process required by OSEHRA)
 - OpenID versions will migrate automatically
- **Found a bug? Have a question?**
 - Email : joe.snyder@kitware.com

XU Digital Signature

XuDigSig Files

- **Three files originally released as part of FOIA code**
 - Wcrypt2.pas
 - WinSCard.pas
 - XlfMime.pas
- **License of files incompatible with OSEHRA Vista repository**
 - Part of “Project JEDI” library released with Mozilla Public License
 - <http://www.delphi-jedi.org/>
 - Needed to be relicensed or re-written prior to inclusion in repository

XuDigSig Files

- **Submitted to OSEHRA Technical Journal**
 - <http://hdl.handle.net/10909/11017>
 - Git Repository
 - <https://github.com/josephsnyder/CPRSv29-XUDigSig/tree/replace-files-3>
- **Peer Review: Completed!**
- **Final Review:**
 - Today?

Increase Enrollment-MHV

- **Enhances VistA to help make veterans aware of MyHealtheVet and its capabilities**

- Prompt user to read short paragraphs to veteran about MHV and available help
- Example of what would be shown to VA Employee:

Please read the following to the patient

"Has a health care team member encouraged you to enroll online for My HealtheVet?"

Select one of the following:

- 1 Yes - I am already enrolled.
 - 2 Yes - I would like to enroll.
 - 3 Yes - But I do not want to enroll right now.
- <snip>

Increase Enrollment-MHV

- **Submitted to OTJ**
 - <http://hdl.handle.net/10909/11065>
- **Github Repository has latest code:**
 - <https://github.com/VHAINNOVATIONS/MHV-Enrollment>
- **Peer Review**
 - Today?

Questions?

Next Meeting:

04/28/2015
